I wish to object to the current 2011 boundaries. I feel as a member of the Pilbara region, allowing the Shire of Roebourne to move into the same area we will have two major towns competing against each other. I feel there will be bias for Port Hedland or Karratha depending where the state elected member has come from as they are both major towns with similar needs.

I feel the current boundaries are sufficient and with growing numbers in Port Hedland and Karratha as "Pilbara Cities" moves further it will require a boundary change again in the not too distant future.
