Dear Sir/Madam

### **2007 Review of Electoral Boundaries**

The City of Albany supports the entire geographical area of the City of Albany forming one district to be known as the seat of 'Albany'.

The City's understanding is that the electoral enrolment for the City of Albany is 21,616 which varies from the average district enrolment of the State of 21,343 by 273 or 1.28%.

Given the obvious community of interest that exists within the City of Albany and the congruence of enrolment numbers and average district enrolment, your support is requested.

Yours faithfully

Andrew Hammond  
**Chief Executive Officer**
