Dear Commissioners

### 2007 Electoral Redistribution

I write on behalf of Peel Development Commission to request the Commissioners give consideration to dropping "Peel" as the name of a Legislative Assembly Division.

"Peel" is a relatively recent designation in terms of Western Australia's Parliamentary and electoral history and gives rise to considerable confusion, both within Government and in the mind of members of the general public, with the designated geographic and Development Commission area of the same name.

While other regional areas such as Pilbara and Kimberley do have Legislative Assembly Divisions named after them, their Divisions are within the designated geographic area. The Peel Division is outside the widely recognised and geographic area of Peel.

We believe that the current redistribution affords the Commissioners the opportunity to remember this anomaly and cause of confusion.

We therefore submit that the name "Peel" not be used for any Legislative Assembly Division or at least not one outside the geographic area of the same name.

Yours sincerely

  
Maree De Lacey  
Chief Executive Officer
