Dear Commissioner

As a local resident of Ballajura and the local Councillor, I believe that people have found it confusing that depending on where you live in the suburb affects who your local member is. I believe that one suburb should have the same representative and for that reason ask you to put the whole of Ballajura in the same electorate.

The Electoral Commission noted and accepted the concerns raised in 2011 about splitting the suburb of Ballajura. We believe this must be address in this redistribution.

Maria Haynes, JP
