

Election Boundaries Commissioners
GPO Box F316
PERTH WA 6841

TO THE THREE ELECTRICAL COMMISSIONERS

I wish to protest in the strongest possible terms at the unilateral proposal you have concocted to start renaming WA seats after Western Australians for the following reasons:

- People have a hard enough time voting with three different systems (State/Local and Federal), and with regular boundary changes, without you three switching all the seat names on them this close to an election;
- You have completely disregarded prominent Aboriginal Western Australians which is a absolute disgrace;
- Most of the people chose already have plenty named after them;
- You have chosen to rename some seats, but not others in another fit of madness, and to add to the confusion;
- You've even added a new seat of Baldivis, and named it after a suburb!!!

IF there is to be a change in the nomenclature of seat names, then it should have **PROPER CONSIDERATION**, *away from the mess* of a boundary realignment/gerrymander.

I URGE YOU TO ABANDON THIS RUSHED, POORLY THOUGHT OUT DIVERSION TO THE JOB AT HAND.

Yours etc
Glen Calzones
Piara Waters
