**Represent:**

I represent Mundaring Residents and Ratepayers Assoc Inc. (MRRA).

**Locality:**

Mundaring town-site and the area bounded by postcodes 6073 and 6072.  
Currently Swan Hills in the East Metropolitan Region.

**The Objection:**

Mundaring town-site is cut in half along the Great Eastern Highway.  
Proposed is North of Great Eastern Highway becomes District of Kalamunda  
Proposed is South of Great Eastern Highway becomes District of Darling Range.  
MRRA suggests having to approach two politicians to get a project heard would half the success rate.  
Also, physical access to Mundaring is limited, a politician is more likely to come to us if all of Mundaring town-site is in their District.

**The Request:**

Include Mundaring town-site South in the District of Kalamunda.

**A possible boundary:**

Beelu National Park should be the Eastern boundary from Great Eastern Highway to Mundaring Weir Road.  
Then Mundaring Weir Road to the Helena River.  
Consequently from the Mundaring Light Industrial Area and West to O'Connor Rd would be added to the District of Kalamunda.  
I apologize for not having the skills to know the population increase to the District of Kalamunda.

Thank you for considering this submission,  
Tom Burbidge,  
MRRA Secretary,
