To Whom It May Concern;

I would like to strongly object to the proposed electoral boundary changes to eliminate a regional seat and add an additional metro seat.

The McGowan Government has already substantially changed electoral boundaries to favour the city voters. Our regional areas must have representation that is not directly linked to the population portion. Regional areas play a vital part in our economy and our state as a whole.

Please respect the people of these areas and do not diminish their vote weighting.

Yours Sincerely

Justine Loggenberg
