I am opposed to the proposed electoral boundary changes which have recently been released, which would see the seats of Moore and North West Central abolished and amalgamated into the seat of Mid West, for the creation of another metro seat, (Oakford).

This is nothing short of an assault on fair representation for regional voters and follows WA Labor's submission to the Electoral Commission, which outlined their plan to abolish another regional voice. This is disgusting and should definitely not be happening. Regional voices are already limited. Losing another seat means many more voices that aren't represented. Community mergers post taxes and rates and are entitled to have a local member to represent them.

Hadyn
