Put The Seat of Geraldton in the mix's:

Dear Sir/Madam

I am writing this letter to object to your proposed boundary changes to the State seat of Moore to which I am an elector in.
Your proposed changes to the said boundary's make in totally unworkable and the people in it will only be stocking fillers.
Like the Federal seat of Durack that I am in and that lazy so-en so is too lazy to contact her elector and puts it down to the sizes of the seat.

By the way I do not know how the hell she got there any way.

Back to the seat of Moore the money is made in the bush and Perth is only there to support the bush take the bush out of it and Perth is not needed.

If you were to put the seat of Geraldton in the mix's and split it down the middle and have a seat north and south.

No, the labour party has got that and there not going to give that up.

Money talks and people walk but I am not going to be a stocking filler again.

As for Mr Love the incumbent in the seat of Moore well, I can take him or leave him but he may be at the point of retiring anyway.

But your proposal would be unworkable by the sheer sizes no matter who held it.

I await your response with interest

Yours Sincerely
