To the Redistribution Commissioners,

I strongly object to losing one country electorate to allow the creation of an extra metropolitan one.

Could I respectfully suggest the commissioners all get in a vehicle and see how much of the proposed new regional electorate they can visit in one day. Then spend another day driving around all the Perth metropolitan electorates. This may make you realise how difficult it is for a member of the proposed combined electorate to service the population in the vast regional area.

Surely the people in the rural areas deserve to be looked after with adequate representation. We the people outside the cities well and truly look after the rest of the state with food, minerals etc we provide.

Regards

Brian White
