Subject: Proposal to merge Moore and NW Central

Hi,

I strongly object to the merging of the seats of Moore and NW central. I have no doubt there are other submissions that have been made on how to avoid the reduction in total seats. The seats should not just be based on just population but the production of state wealth, as the regions without a doubt would punch well above most suburbs in the cities in regards to creating wealth which benefits more than those that live and work in the regions from businesses like mining and agriculture. I will not settle for anything less but that both seats remain and no other seats are removed from the regions!

Kind regards

Mr Shane Fordham
