**Details of Complaint Feedback:**

Electoral Commission Boundary changes The opposition idea of increasing the 1.5% to 3% makes sense. Requesting an elected member to adequately represent half of NSW or more in area is not sustainable and not representative of the purpose of the Electoral Commission to provide Western Australians with an electoral experience that they understand, trust and can access easily and efficiently.

*Acknowledgement of Country: The Western Australian Electoral Commission acknowledges the Traditional Owners of the lands on which our electoral activities take place. We pay our respects to Elders past, present and emerging.*
