Dear Commissioner,

I wish to respond to the electoral boundary suggestions published on your website.

Despite consistently suffering worse outcomes than their city cousins, regional West Australians will lose 18 dedicated regional representatives after next election due to changes to a whole-of-state electorate in Legislative Council.

It is of utmost importance that this loss of representation in Upper House is not compounded by reduced Legislative Assembly representation.

Having read the published suggestions, I support the resounding collective sentiment from many submissions that the sixteen regional seats must be maintained.

The Labor Party's suggestion to abolish the North West Central electorate in favour of new metropolitan seats may benefit their political fortunes but will be a devastating blow for regional communities who clearly need more representation now not less.

Please consider how this redistribution will ensure democratic equity for all West Australians.

The fate of regional West Australians is in your hands.

Yours sincerely,

Doug French
