PERTH WA 6841

## *Changes to the State seat of Girrawheen.*

The Girrawheen seniors club not only has members from Girrawheen but also members who come from other suburbs such as Landsdale, Marangaroo and Madeley which do not have similar clubs there.

The club has recently had an upgrade in its facilities and more activities are being offered. It is part of a growing centre aimed at providing services and places where people in the South ward of the City of Wanneroo can get to easily.

We are lucky to have local members both Federal and State who are approachable and their offices can be reached by public transport.

The current Member for Girrawheen's office is situated 1.6 km or 4 minutes by car from our Seniors centre. There is a concern that were Girrawheen and part of all of Marangaroo to be removed from the electorate, those senior residents would need to travel to Mirrabooka 6.9 kilometres away.

Lastly, because many seniors do not have access to a computer they rely more heavily on government information about services, crime prevention or local issues being given to them verbally or in written form. It is important that our member of parliament can cover issues in common rather than have responsibility for areas with little shared experienced or different needs.

Yours sincerely

Girrawheen Seniors Club
