I am writing today, to voice my opinion on the state governments contempt, for me ,and my constituents who reside in rural areas of this state.

The state government ,wants to remove a regional seat, and alter the remaining boundaries, to suit its own political ambitions .

What about us?

The Labour Party is city centric. Their attacks on royalties for regions, the forestry industry, the live export industry, to mention a few, have resounding repercussions to those of us involved directly, and indirectly throughout the community.

All of this states wealth , comes from ,either the land, or the sea.To show contempt to those who provide food,fibre, for this country, and export also,is an absolute disgrace.

We deserve as much representation, as anyone else. We are already disadvantaged to the bulk of the population , by distance, and access to amenities ,others take for granted.

Leave our boundaries alone! Let our representatives , represent US.

Respectively, yours T George.
