Dear Secretary

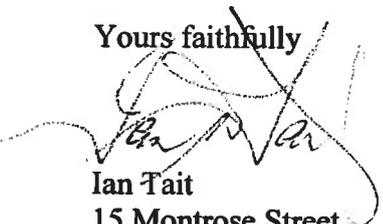

I am writing in regard to the review and realignment of State Electorates currently under-way.

I have lived in Lynwood for quite some time and have been moved back and forward between State Electorates during all of that time. The last election was one of the worst. Lynwood was taken out of Thornlie and put into Southern River when our adjoining suburb of Ferndale was taken out of Thornlie and put into Riverton.

As a resident of Lynwood, I do nearly all of my major shopping at Riverton Forum on High Road, I have always been in the City of Canning and my social clubs cover people from Parkwood, Ferndale and Lynwood. The Canning River is a useful boundary and so too is either Nicholson Road, Roe Highway or the border between Canning and Gosnells Councils.

Please take this opportunity to put us back into the same Electorate as our surrounding suburbs.

Yours faithfully

Ian Tait
