To Executive Officer

I Michele Amonini As owner and operator of Ambrook Wines herby objet to our boundaries being moved I feel we will no longer be represented as part of the Swan Valley if you remove Caversham area

There are some important factors regarding the Swan Valley such as the Swan Valley planning act which restricts development the unique tourism precinct including many wineries: Ambrook Wines Sandlford, Mandoone, Pinelli, Riverbank, breweries, Restaurants and Caravan park and the fact it still is a rural area involved in wine and table Grape production and Caversham should be in the same boundaries as it is part of the Swan Valley all these issue will be represented as a whole not having to deal with different members of parliament for the same issues if you feel that this is not a valid reason for us to remain as part of the Swan Valley boundaries then maybe you can remove Caversham from the Swan Valley planning act and let us and let us develop the rest of Caversham into housing . Therefore I recommend we be included with rest of the Swan Valley area boundaries as we were part of previously
