Dear Lyn

Further to your December 17 letter re new State Electoral Boundary distribution I request two areas of the Dawesville Electorate be considered.

1. Change of name from Dawesville to South Mandurah, see copy letters of previous correspondence to this issue.
2. New electorate should be from the Estuary Bridge south to Lake Clifton. This is where the growth area is going. Coodanup, Riverside and half of Greenfields should be part of the Mandurah electorate, *the constituents think they are anyway.*

I do hope these two important suggestions will be considered.

Yours sincerely
