Hello

There seems to be a difficulty in getting a link from your website to object to the current boundary changes. Lots of links to past changes none to the current proposal, it would be nice to think this was a over site and not a deliberate means of deflecting criticism.

I am Peter Elliott-Lockhart and and a current electoral role member in Chapman Valley. [REDACTED]
[REDACTED], Yetna 6532 to be exact. I find your boundary changes to be a misrepresentation of peoples in and around my area. You have already disenfranchised rural voters by your upper house changes and this will further remove representation of rural areas and gerrymander this state to a permanent ignorance of rural issues
Thank you for considering this submission

Peter
