The West Australian Electoral Commission has released the 2023 Proposed Boundaries which would see the seats of **Moore** and **North West Central** abolished and amalgamated into the seat of Mid West, and the creation of another metro seat, Oakford. This is just two years after WA Labor stripped 18 regional members from the Upper House of Parliament.

These changes mean when regional West Australians go to the ballot box in 2025, their voice will be lost. WA Labor is destroying our democracy and sacrificing regional communities one at a time to concentrate the power in Perth.

To try and stop this, **WE NEED YOUR HELP**. We need to stand up and let the Commission know how these boundary changes will affect our community.

HOW WILL THE LOSS OF THE MOORE ELECTORATE AFFECT YOU?

The Labour Party has one objective to destroy the rural country of our great Country. They want the city voters only but forget just where the majority of finance is made to support city needs. Finance from rural & mining in WA carries over state.

Our electorate of Moore North of Perth has an honest, hardworking Parliamentarian and any changes to the boundaries will make the Moore electorate a shadow within the new division, giving less representation and far less development structurally within this proposed new division.

For the city to develop, the Labour Party needs to see Western Australia from outside the city boundaries and understand we as voters deserve the same standards as our city voters to make our state proper state wide.

We need to maintain the electorate of Moore and the Labour Party to develop better connection with rural areas beyond their city hive.
