Dear Commissioners	indiel.
The government has made the point	that there needs to be a redictribute
The government has made the point	that there needs to be a redistribution to restore fairness.
The government has made the point Fairness comes in two forms, the fire	st criteria based on numbers an easy.
The government has made the point Fairness comes in two forms, the firm The second form of fairness is the opposite the second form of fairness is the opposite the second form of fairness.	st criteria based on numbers an easy way to work it out. Cortunity of electors to gain access to their local member.
The government has made the point  Fairness comes in two forms, the first  The second form of fairness is the opposite of the country electorates the distances as on the other hand so much easier for the please take my side of fairness into accountry.	cortunity of electors to gain access to their local member.  The vast .In city electorates it is so much easier to contact a local member and the local member to contact electors. This is very unfair on country people.
The government has made the point  Fairness comes in two forms, the first  The second form of fairness is the opposite of the country electorates the distances as on the other hand so much easier for the proposed seat of Oakford is an exclusive of interest the diversity of interest the country of the coun	cortunity of electors to gain access to their local member.  The vast .In city electorates it is so much easier to contact a local member and the local member to contact electors. This is very unfair on country people.  Count and don't take the easy way out by looking at only numbers.  The local member to contact electors are unfair on country people.
The government has made the point Fairness comes in two forms, the first The second form of fairness is the opposition on the other hand so much easier for a Please take my side of fairness into accomplete the diversity of interests the near a griculture. This is very unfair and will the area. Electors in this electorate work.	cortunity of electors to gain access to their local member.  The vast .In city electorates it is so much easier to contact a local member and the local member to contact electors. This is very unfair on country people.  Count and don't take the easy way out by looking at only numbers.  The ellent example. This new seat makes the numbers ok, but look at the size.  The impossible for the member to do justice to representation to represent all doe unfairly treated.
The government has made the point Fairness comes in two forms, the first The second form of fairness is the opposition on the other hand so much easier for a Please take my side of fairness into according to the diversity of interests the neagriculture. This is very unfair and will be the area. Electors in this electorate would be the member there are two sides to this a Remember there are two sides to this a significant comments.	cortunity of electors to gain access to their local member.  The vast .In city electorates it is so much easier to contact a local member and the local member to contact electors. This is very unfair on country people.  Count and don't take the easy way out by looking at only numbers.  The example is the numbers of the numbers of the size of the member will have to represent, mining and the impossible for the member to do justice to representation to represent the regument.
The government has made the point  Fairness comes in two forms, the first The second form of fairness is the opposite of the second form of fairness is the opposite of the other hand so much easier for the other hand so much easier for the proposed seat of Oakford is an except of the diversity of interests the neagriculture. This is very unfair and will be the area. Electors in this electorate would be the area of the second	cortunity of electors to gain access to their local member.  The vast .In city electorates it is so much easier to contact a local member and the local member to contact electors. This is very unfair on country people.  Count and don't take the easy way out by looking at only numbers.  The example is the numbers of the numbers of the size of the member will have to represent, mining and the impossible for the member to do justice to representation to represent in the regument.
The government has made the point  Fairness comes in two forms, the first The second form of fairness is the opposite of the country electorates the distances at on the other hand so much easier for the proposed seat of Oakford is an exclusive of interest in the control of the proposed seat of Oakford is an exclusive of interest in the control of th	cortunity of electors to gain access to their local member.  The vast .In city electorates it is so much easier to contact a local member and the local member to contact electors. This is very unfair on country people.  Count and don't take the easy way out by looking at only numbers.  The ellent example. This new seat makes the numbers ok, but look at the size.  The impossible for the member to do justice to representation to represent all doe unfairly treated.  W.A.E.C. RECORDS  The ethem a fair go!
