

PROPOSAL: WA ELECTORAL PROPOSAL BY LUKE DIXON

1/5/2023

Ph:

Please see below my proposals for the WA State redistribution for use at the 2025 WA State Election. I have endeavoured to create as many 'equitable' seats as possible, with attempts to be made for seats to be as close to 'even' as possible, when taking into account the LDA.

I have endeavoured to have justifications and descriptions of boundary changes for each electorate, however if this is not complete then the SA1 numbers listed are to take precedent.

The following is a breakdown of the code used for this proposal.

CODE (EXAMPLE)

WEST SWAN

+6.5

(Name of current or proposed electorate) (The estimated number in thousands that the electorate is over or under 'quota' as of the 2025 WA state election.)

RATIONALE: (A brief explanation of why electorate changes have been proposed.)

With this electorate being 6500 voters over quota and gaining 5500 voters and 4000 voters from Lansdale and Midland electorates, there will be a redistribution of 16000 voters to the new electorate of Ellenbrook.

BC: (Specific detail of proposed boundary changes to compliment SA1 numbers.)

At the Alexander Dr boundary, the electorate will branch west, the boundary proceeding down the centre of Marangaroo Dr. The boundary will then move north through Mirrabooka Ave, before moving east down Hepburn Ave. The electoral boundary will then continue north along Alexander Dr.

(16 to Ellenbrook, 5.5 from Lansdale, 3 from Midland, 1 from Bassendean)- The target number in thousands that is aimed to be moved into or out of specific electorates.)

INTO ELECTORATE: The SA1 codes and voters within that are proposed to be moved into the electorate.

(MID) The abbreviation of where the reallocation of voters has come from.

(5106...)

202: 857

207: 2460

PROPOSED 2023 WA STATE ELECTION BOUNDARIES

ALBANY: -3

LOGISTICS: An estimated short fall of 3000 voters would be addressed in this redistribution. The inclusion of the nearby country town of Murray Bridge is the best application from the Warren-Blackwood electorate is proposed.

BC: The Northern Boundary for the Albany electorate will start in the same position to the east before moving along the northern edge of Bluff Knoll and the Stirling Range national park. The boundary continues south down the western boundary of the Stirling Range national park. The boundary then moves west along the current boundary between Warren-Blackwood and Roe before moving south down the centre of the Albany Hwy. The boundary moves west down the centre of Muir Hwy before moving south down Hay River until meeting the ocean.

(3 from Warren-Blackwood)

413: 240

414: 374

415: 292

501: 2

ARMADALE: +3.5

RATIONALE: An estimated excess of 3500 voters would be addressed with this change. The railway acts as a logical boundary divide.

BD: The Armadale Train line now serves as the Eastern Boundary for the Armadale electorate. The eastern boundary moves in a Northerly direction along the Armadale Train line from Eleventh Rd, before moving west along the shared path linking Verna St. The boundary moves along Verna St, Passmore St, Phoebe St and in an easterly direction

along Matison St through to Ranford Rd where the boundary moves south along the current boundary.

(5.5 to Kalamunda, 2.5 from Southern River)

415: -

424: 439

425: 332

426: 305

524: 255

(/525): 80

BALCATT: -

RATIONALE: As the electorate is close to the expected quota, there is no need for changes at this time.

BALDIVIS: +6.5

(6.5 to Kwinana)

RATIONALE: With an estimated 6500 voter over allotment, the redistribution of the Kwinana area to the Kwinana electorate is a logical decision. While an estimated amount of over 7000 is to be redistributed, this ensures the Kwinana area becomes in the one electorate.

BD: The changes will occur along the northern boundary. The boundary will now continue along the Willard railway, on to the Leda railway before joining the current boundary at the Mandurah line.

BASSENDAN: -

RATIONALE: While the electorate is on quota, minor changes are proposed to deal with proposed changes in other electorates.

BC: The South-West boundary now moves south down the Tonkin Hwy before moving east down the centre of Blackboy Way and the SA1 boundary through to Beechboro Rd N.

The Northern boundary now moves north along Bennett Brook from its current boundary near Lord St and Morley Dve through to Marshall Rd, where the boundary shifts to the west.

702: 344

703: 339

(/)707: -

730: 275

BOORAGOON (BATEMAN)

LOGISTICS: Despite being on quota, there will be significant changes to accommodate for an over allotment in the western suburbs of Perth and changes to eastern suburbs due to the new seat of Ellenbrook. The removal of the Bateman suburb from the electorate has led to the proposed name change to Booragoon.

BC: The southern boundary will now continue west along South St until Stock Rd. The boundary will then move north down the centre of Stock Rd before moving east down the centre of Leach Hwy. The boundary then move in a northern direction down North Lake Rd and SA1 boundary lines through to the Swan River.

The western boundary will now branch out from the Swan River at Queens Rd, travelling through the centre of this and Glencoe Rd before moving south down the centre of Risely St. The boundary moves east down the centre of Leach Hwy, before moving south down the centre of Murdoch Drv, before reaching South St, where the boundary continues down to the west.

BELMONT: -

(-)

RATIONALE: As this electorate is at quota there is no need for changes to the boundary.

BICTON: -2.5

RATIONALE: Due to the electorate being an estimated 2500 votes under quota, it is proposed that this will be redistributed from the over quota Fremantle electorate.

BC: The boundary will now move south down Stock Rd from Leach Hwy, moving west down the centre of South St. The boundary then follows the SA1 boundary north through the centres of Wiluna Ave, Hope St and Bostock St before reaching Stevens St. The boundary then follows Stevens St before moving north down the centre of Montreal St, before moving east along High St until Earl St. The boundary then moves in a northerly direction through the centre of Earl St through to the Swan River, where the boundary will continue city bound.

722: -

BUNBURY: +1

RATIONALE: An approximate over allotment of 1000 voters will be allocated from the neighbouring Collie-Preston electorate.

BC: The boundary change will see the suburb of Pelican Point change electorates, the boundary hugging the coast to the west of Pelican Point, before hugging the western boundary of the Sanctuary Golf Course. The boundary will then move along the Bunbury Railway, before moving east along the SA1 boundary to the current electorate boundary.

(1 to Collie-Preston)

BURNS BEACH: -

LOGISTICS: While this electorate is at quota, it is the logical electorate to take on the excess 7500 voters from the Butler electorate. An additional 7500 voters can then be distributed to the neighbouring Joondalup electorate to assist with under allotments in other coastal electorates.

BC: The southern boundary of the electorate will now move north along the Mitchell Fwy from Burns Beach Rd rather than south. The boundary will then move west along the southern boundary of SA 5110103, before moving south down the middle of Marmion Ave, before following the existing boundaries to the west along Burns Beach Rd and Ocean Rd through to the Indian Ocean.

The electoral boundary will move north along the centre of the Mitchell Fwy from Hester Ave, before moving west along the centre of Lukin Dr. The boundary will then move north along Marmion Ave rejoining the current boundary.

(5110....) (793)
542: 306
545: 487

BUTLER: +7.5

LOGISTICS: An estimated over allotment of 7500 voters will need to be alleviated. With the northern boundaries proving an effective blocking of Perth 'suburbia', the logical changes are to the southern boundaries. The proposal will see the suburb of Ridgewood moved to the Burns Beach electorate.

BC: The boundary change proposed is to move the current boundary that runs through the centre of Hester Ave and move the boundary north. The boundary will now run through the centre of Lukin Ave, continuing in a straight line through to the boundary at the corner of Nowergup and Wanneroo Rd.

(7.5 to Burns Beach)

CANNINGTON: -

RATIONALE: While it is estimated that the electorate is on quota, the electorate will move further north to assist with under allotments in the electorates of Victoria Park and South Perth.

BC: The southern boundary along Roe Hwy will continue west until South St, where it will move down before moving in a northerly direction through the centre of Vahland Ave. The electorate boundary will then move in an easterly direction down the centre of High Rd through to Metcalfe Rd. The boundary will then move North East down the centre of Metcalfe Rd before moving through Ferndale Park, Lambertia Park and the walking track through to the Canning River. The boundary will then follow the Canning River to the NE, before branching off at Civic Gardens/Carden Dr through to Albany Hwy. The boundary will then proceed down the centre of Albany Hwy before moving north east down the centre of Mallard and Stockmans Way before reaching the Armadale rail line. The boundary will follow the railway city bound before moving north east down the centre of Hamilton St. The boundary will then continue south east down the centre of Welshpool Rd.

816: 196

836: 228

837: 275

CARINE: -

RATIONALE: While Carine is on quota, the boundaries will move further north to ensure the excess in the far north suburbs is addressed. Around 2500 voters will be gained from the Hillarys electorate, while approximately another 2500 voters will be redistributed to the Scarborough electorate.

BC: The northern boundary will take in a section of the suburb of Padbury. The boundary will branch north from Hepburn Ave, proceeding up the centre of Gibson Ave. The boundary will then move west down the centre of Giles Ave, before moving south down the centre of Marmion Ave. The boundary will then return to moving in a westerly direction along Hepburn Ave.

The southern boundary will branch off from Duffy Rd to the west, proceeding along the northern edge of Lake Karrinyup Country Club down the centre of North Beach Rd before moving south down the centre of Clement Dr, before moving in a westerly direction down the centre of Pascoe and Axebridge St through to Marmion Ave, before moving in a Northerly direction.

118: 226
119: 322
120: 188

CENTRAL WHEATBELT: -3.5

RATIONALE: The Central Wheatbelt electorate is approximately 3500 voters under quota. The electorate will lose around 2500 voters to the Moore electorate while gaining between 5000 and 6000 voters from the Roe electorate.

BC: The southern boundary for this electorate will now branch off from the current boundary down the eastern and southern edge of SA1: 5124704, the southern edge of SA1: 5124707 and the southern and western edge of SA1: 5124716 through to the current boundary. The boundary then moves along the southern edge of SA1: 5125011 + 5125012 before reaching the current boundary. Please refer to the Moore electorate descriptor for detail on boundary changes here.

(5125...)
002: 247
011: 278
012: 433

CHURCHLANDS: -2.5

RATIONALE: The electorate is approximately 2500 votes under quota. Due to the excess in the northern suburban electorates, the electorate will gain an extra 2500 voters from the its northern neighbour, the Scarborough electorate.

BC: The new boundary will move north down the centre of Huntriss Rd from the current boundary before moving east down the centre of Beatrice and Cedric Streets. The boundary will then continue south down the centre of the Mitchell Fwy.

COCKBURN: +1.5

RATIONALE: While the electorate is 1500 voters over allotted, it will take on between 8000-8500 extra voters from the Kwinana electorate, but will pass on approximately 9000 voters to the Coolbellup electorate (formerly Willagee).

BC: The electoral boundary along Beenyup Rd will now continue south until Rowley Rd, which it will move down in a westerly direction through to Wattleup Rd. The boundary will then move north along the western and northern boundaries of SA1:5125920, before proceeding north along Frankland Ave. The boundary then follows Russell Rd to the west, rejoining the current boundary.

Please refer to the Coolbellup electorate for boundary changes with this electorate.

COOLBELLUP (WILLAGEE) -1.5

RATIONALE: The electorate of Willagee was somewhat disjointed, so the seat has been significantly altered. The suburb of Willagee now moves into the Booragoon (formerly Bateman) electorate, so the electorate will now be named Coolbellup.

Approximately 9000 voters will be moved into the Coolbellup electorate, with approximately 7500 voters redistributed into the Booragoon electorate.

BC: The southern boundaries of the electorate will now run down the centre of Beeliar Dve, starting at the Mandurah railway line. The boundary will continue through to Mayor

Rd before moving north down the centre of Hamilton Rd. The boundary will then run west along Amity Ave, before following the SA1 boundary to the ocean. The northern boundary now runs along South St, starting in the west at Stock Rd through to the Kwinana Fwy to the east.

318: 188

COLLIE-PRESTON: +1.5

(6 to Roe, 2.5 from Murray-Wellington, 1 from Bunbury, 1 from Vasse)

RATIONALE: The Collie-Preston electorate is around 1500 voters over quota. Around 6000 voters will be redistributed to the Roe electorate, primarily from the Collie township. Despite losing the Collie township, a name change is not advised as the Collie River still features prominently in the electorate. 1000 voters will be gained from the over

quota Bunbury and Vasse electorates, as well as around 2500 voters from the Murray-Wellington electorate.

BC: The boundary will now branch off at Warton Rd in a southeast direction along Bronzewing St, before moving northeast through the centre of Balfour St. The boundary will then move in a southeast direction down Corfield St to rejoin the current boundary. Please refer to the electorate descriptions of Roe, Murray-Wellington, Bunbury and Vasse for details of boundary changes.

706: 181

(5129....)

309: 42

COTTESLOE: +1

RATIONALE: The electorate being approximately 1000 voters over quota will be alleviated by redistributing voters to the neighbouring eastern electorates. The choice to move voters east rather than North occurs due to the creation of the new Ellenbrook electorate.

BC: The change to the boundaries occurs to the east of the electorate, branching in from Brockway Rd. The boundary will now run down the centre of John XXIII Avenue, before moving in a westerly direction down Moore Drive. The boundary then moves in a

southerly direction down Pine Tree Ln, Labella St and Montgomery Ave, before moving in an easterly direction down the centre of Alfred St back to Brockway Rd.

(1 to Nedlands)

DARLING RANGE: +2.5

RATIONALE: The Darling Range electorate is a key plank in this proposal in the redistribution from the southern suburban and regional electorates into the eastern suburban electorates. Approximately 8000 voters will be moved into the electorate from Murray-Wellington, with around 11000 voters redistributed to the Kalamunda electorate.

BC: The Forrest Hwy will now serve as the western boundary for the electorate, running north up to the current boundary while starting as far south as Old Bunbury Rd. The boundary then runs along the northern boundary of SA1: 5101608 and SA1:5101610 before moving along the eastern boundary for SA1:5124807.

The northern boundary will now move south down the Armadale railway line before moving east along Wungong Brook via the Wungong Reservoir and through to the current boundary at Albany Hwy.

ELLENBROOK: (+32.5)
(16.5 from Swan Hills, 16 from West Swan)

LOGIC: A new electorate of Ellenbrook is proposed. This is a growth area and will allow for this large suburb to function in the one electorate. This will also address the over allotment of Perth suburban seats in comparison to rural seats when the LDA is accounted for. This seat will effectively be a replacement for the significantly under quote electorate of North-West Coast.

BC: The centre of Maralla Rd will serve as the electorate's Northern boundary. The boundary moves south down the Tonkin Hwy, moving east down The Promenade before moving south down Drumpellier Dr. The boundary then moves east down the centre of Park St, before moving south down the centre of Partridge St. The electoral boundary then follows the SA1 boundary along Woolcott Ave, north along West Swan Rd and east along Douglas Rd until reaching the Swan River. The boundary then moves north along the Swan River before reaching the Great Northern Hwy, where it continues in a Northern direction. The boundary then moves west along the walking trail to Ellenbrook Rd in front of the speedway, before moving south to Maralla Rd and the start of the electorate.

FORRESTFIELD: -3

RATIONALE: The electorate is approximated to be 3000 voters under quota. This shortfall will be made up from a redistribution from the Thornlie electorate.

BC: The alteration will occur at the southern boundary, moving down the centre of Westfield St from Kelvin Rd. The boundary will then move in a NE direction through Pitchford Ave, before moving in a SE direction through the centre of Alcock St. The electorate will then move in a NE direction along Gosnells Rd W before proceeding in a northern direction along the centre of Tonkin Hwy, before following the current boundary along Boyle Lane.

(3 from Thornlie) (3075)

FREMANTLE: +2

RATIONALE: The electorate is approximately 2000 voters over quota, with 2500 voters to be redistributed to the Bicton electorate to make up its under allotment. Approximately 500 voters will be reallocated from the Cockburn electorate.

BC: Please refer to the Bicton and Cockburn electorate descriptions for details of the boundary changes.

(2.5 to Bicton, 0.5 from Cockburn)

INTO ELECTORATE:

(5115....) (Coc)

206: 558

GERALDTON: -3.5

RATIONALE: An approximate shortfall of 3500 voters will be gained from the neighbouring Moore electorate.

BC: The current boundary for the Moore and North-West Coast electorates will now become the northern boundary for the Geraldton electorate. The electoral boundary will move south down the western and southern edges of SA1: 5129202. The boundary then follows the eastern boundary between the Moore and NWC electorate, before following the eastern and southern edges of SA1:5129110 + SA1:5129117. The boundary then moves north along SA1: 5129117 before moving west along Irwin River. It will then move north along the Milledon Junction Narngulu Railway, before moving along the northern edge of SA1: 5128905 to the ocean.

HILLARYS: -1

RATIONALE: The Hillarys electorate is estimated to be 1000 voters under quota. It will pick up an excess of 3500 voters from the Joondalup electorate, caused by the excess in the Butler electorate. 2500 voters will be redistributed to the Carine electorate, which will feed down to under quota electorates further south.

BC: The alterations to the northern boundary will move north down the centre of Marmion Ave, branching off from Ocean Reef Rd. The boundary will then move east down the centre of Hodges Dr, before following Boat Drive Quays to the northern edge of Ocean Reef Marina.

Please refer to the Carine electorate description for details of the boundary description to the south.

JANDAKOT: +5

RATIONALE: The electorate is over allotted by an estimated 5000 voters. The electorate will take on an extra 1000 voters from the Riverton electorate, which will allow around 6000 voters to be reallocated from the Canning Vale area into the Southern River electorate. This will mean the majority of Canning Vale will be in the same electorate.

BC: The boundary will now move in a southwest direction down Warton Rd from South St, before moving along the north-eastern edge of SA1:5113335. The boundary then moves through Merrion Rmbl and the SA1 line through to Nicholson Rd, before moving in a northwest direction down South St. The boundary will then moving west through the centre of Beasley Rd. The boundary will then move north along Karel Ave before moving west along South St along the current electoral boundary. The remaining boundaries remain the same.

JOONDALUP: -2

RATIONALE: The electorate is approximately 2000 voters under quota. It will take on the excess from the northern suburban electorates, taking on around 7500 voters from the Burns Beach electorate. Around 3500 voters will be moved into the Hillarys electorate and another 2000 voters moved into the Kingsley electorate.

BC: The southern boundary of the electorate will now move north along the Mitchell Fwy from Burns Beach Rd rather than south. The boundary will then move west along the southern boundary of SA 5110103, before moving south down the middle of Marmion Ave, before following the existing boundaries to the west along Burns Beach Rd and Ocean Rd through to the Indian Ocean.

The alterations to the southern boundary will move north down the centre of Marmion Ave, branching off from Ocean Reef Rd. The boundary will then move east down the centre of Hodges Dr, before following Boat Drive Quays to the northern edge of Ocean Reef Marina.

KALAMUNDA: -2

RATIONALE: The electorate will see significant change to accommodate for the new Ellenbrook electorate. The electorate is around 2000 voters under quota and will gain around 17000 voters from over electorates, including app. 11000 from Darling Range, app.5500 voters from the Armidale electorate and app 500 voters from the Southern Creek electorate.

BC: The Northern boundary of the electorate will run along Kalamunda Rd before moving in a northerly direction through the centre of Davies Crescent. The boundary will then move east along Noel Rd, briefly south down Railway Rd before moving down the centre of Longfellow Rd. The boundary will then follow the southern edge of SA1: 5114124 through to Mundaring Weir, where the boundary will run south down Darkin River. The Armadale Train line now serves as the Eastern Boundary for the Armadale

electorate. The boundary will move east along Wungong Brook via the Wungong Reservoir and through to the Albany Hwy.

KALGOORLIE: -3

RATIONALE: Taking into account the LDA, the Kalgoorlie electorate is around 3000 voters under quota. With LDA accounted for, it will lose a net Voter amount of 5000 voters to the Roe electorate, and gain a net value after LDA of 8000 voters.

BC: The boundary will follow the southern edge of the Goldfields Woodlands National Park and Conservation Park, breaking off from the current western boundary. The boundary will then follow Merougil Creek, before moving along the northern edge of

Kambalda Airport. The boundary will then move north along the Norseman-Kalgoorlie Railway, before moving east and then south along the river bed through to Lake Lefroy. The boundary follows the eastern edge of Lake Lefroy, before proceeding south along the Coolgardie-Esperance Hwy, before moving east along the southern edge of SA1: 5128202, until reaching the state boundary. The boundary then moves north along the state boundary. The boundary then moves west along the northern edge of SA1: 5128322, 5129004 and 5129009. The boundary then follows the western and southern edges of SA1: 5129009, and the southern edge of SA1: 5129004. The electorate boundary then moves south along the current boundary along the western edge of SA1: 5128320.

KWINANA: +1.5

RATIONALE: The Kwinana electorate is around 1500 voters over quota. It has been endeavoured in this proposal to have the Kwinana area all in the one electorate, rather than the split that currently occurs. With this in mind, the proposal is for around 7000 voters to be reallocated to the Kwinana electorate from the Baldivis electorate. This is more than the required 6500 required to allow for the main Kwinana area to be in the one electorate. Approximately 8000 voters will be redistributed to the Cockburn electorate.

BC:

The major Change to the southern boundary will see the Wellard and Leda railways acting as the southern boundaries. Please refer to Cockburn for northern boundary details.

LANDSDALE: +2

RATIONALE: The Landsdale electorate is around 2000 voters over quota, and will

also take on 2500 voters from the Wanneroo electorate and around 1000 voters from the Kingsley electorate.

BC: The southern boundary will now run completely along Hepburn Ave, from Alexander Dr in the east to Wanneroo Rd in the west.

The Northern boundary will now move east along Gnangara Rd from Alexander Dr, before moving along eastern boundaries of SA1:5130317 and 5110703. The boundary then moves along the northern edge of SA1:5110703 before moving south along Franklin and Lenore Rds. The electorate then moves west through the centre of Elliot Rd before moving in a southbound direction down Wanneroo Rd. The boundary then moves in a westerly direction down the centre of San Rosa Rd before reaching Lake Joondalup and moving in a Southerly direction.

MANDURAH NORTH (MANDURAH)

(3.5 to Murray-Wellington, 2.5 to Mandurah South, 2.5 from Warnbro)

RATIONALE: The Mandurah electorate is estimated to be around 3500 voters over quota, which will go to around 6000 voters after taking on an excess from the neighbouring Warnbro electorate. Around 3500 voters will be redistributed to the Murray-Wellington electorate, with another 2500 voters redistributed to the Mandurah South electorate, (currently Dawesville)

To make a distinction between the two Mandurah electorates, it is proposed that the electorate is renamed Mandurah North.

BC: The southern boundary will now move east down the centre of Pinjarra Rd from the Mandurah Inlet through to Terence Rd, where the boundary will move north. The

boundary will then will move south-east along Bedingfield Rd to the current boundary in Mandurah Lakes.

The northern boundary for the electorate will now continue through the centre of Mandurah Rd to the SA1 line immediately before Crystaluna Drive. The boundary then runs along SA1 lines parallel to Crystaluna Drive through to the Indian Ocean.

MAYLANDS: -1

(1 from Morley)

INTO ELECTORATE:

(5104...)

726: 426

741: 460

RATIONALE: An estimated under allotment of 1000 voters will be addressed with the redistribution from the Morley electorate.

BC: The eastern boundary moves north along the Tonkin Hwy before moving west down the centre of Broun Ave. The boundary then moves down the centre of Bath Rd before moving in an Easterly direction through the centre of Morley Dr before reaching the current boundary at Beechboro Rd N.

MIDLAND: +3

RATIONALE: The electorate is estimated to be around 3000 voters over quota, with the excess being redistributed to the West Swan electorate.

BC: Please refer to the West Swan electorate for new boundary changes.

MIRRABOOKA: -

(-)

RATIONALE: The electorate is estimated to be at quota and therefore no changes are required.

MOORE: -4.5

(5.5 from North-West Coast, 3.5 to Geraldton, 2.5 from Central Wheatbelt)

RATIONALE: Taking into account the LDA, the electorate of Moore is under quota by a net amount of around 4500 voters. The electorate will lose around 3500 voters to the under quota Geraldton, but will gain a net amount of around 5500 votes from the now defunct North-West Coast electorate, and a further net increase of around 2500 voters from the Central Wheatbelt electorate.

BC: The boundary will now incorporate the SA1 code areas listed below. Additionally, the current boundary for the Moore and North-West Coast electorates will now become the Moore-Geraldton electorate boundary. The electoral boundary will move south down the western and southern edges of SA1: 5129202. The boundary then follows the eastern boundary between the Moore and NWC electorate, before following the eastern and southern edges of SA1:5129110 + SA1:5129117. The boundary then moves north along

SA1: 5129117 before moving west along Irwin River. It will then move north along the Milledon Junction Narngulu Railway, before moving along the northern edge of SA1: 5128905 to the ocean.

710: 242

(5130....)

209: 288

217: 299

218: 409

223: 362

LOGIC: While it is estimated to be on quota, slight modifications are suggested to assist in addressing a slight over allotment in the inner city electorates. There will be a gain of around 2000 voters from the Mount Lawley electorate, with around 1000 voters redistributed to each of the Bassendean and Maylands electorates.

BC: The South-West boundary bordering Mount Lawley now moves down the centre of Coode St rather than the current boundary down the centre of Coode St. The boundary will also move north along the Tonkin Hwy before moving west down the centre of Broun Ave. The boundary then moves down the centre of Bath Rd before moving in an Easterly direction through the centre of Morley Dr before reaching the current boundary at Beechboro Rd N.

MOUNT LAWLEY: -1.5

RATIONALE: The excess from the electorates of Perth and Cottesloe(3500 in total) helps offset the under quote nature of this electorate(app.1500) A reallocation of 2000 voters to Morley gets the electorate on quota while assisting in the changes in Eastern Perth.

BC: The western boundary will now move south down the centre of Charles St from the corner of Green and Charles St. The boundary then moves in a South-East direction down the centre of Angove St, before moving south down the centre of Fitzgerald St until Vincent St. The boundary then moves east down the centre of Vincent St joining the current boundary.

The boundary alongside the Morley electorate will now run through the centre of Coode St in place of the current boundary down Wellington Rd.

MURRAY-WELLINGTON: +1.5

RATIONALE: Significant changes to the Murray-Wellington electorate is proposed to address an excess in Mandurah based suburbs and shortfalls in rural areas and the creation of Ellenbrook. The electorate is estimated to be 1500 voters over quota. The electorate will lose around 8000 voters to the Darling Range electorate, and lose around 2500 voters to the Collie-Preston electorate. The electorate will gain around 5500 voters from the current Dawesville electorate, and around 3500 voters from the current Mandurah electorate.

BC: The Northern border for the electorate near Dawesville will now run through the Dawesville Channel.

The electorate border with the suburb of Mandurah will move northwest along Bedingfield Rd from Mandurah Lakes, before proceeding south-west down the centre of Terence Rd, before moving west through the centre of Pinjarra Rd before moving south along Wanjup Rd through to the Peel Inlet.

Please refer to the Darling Range and Collie- Preston descriptors for details of these boundary changes.

(8 to Darling Range, 5.5 from Dawesville, 3.5 from Mandurah, 2.5 to Collie-Preston)

NEDLANDS: -

RATIONALE: While Nedlands is at quota, the electorate will gain 1000 voters from the Cottesloe electorate, which will be offset by losing 1000 voters to the Perth electorate.

BC: The eastern boundary will continue north-east along Winthrop Ave before moving Southeast down the centre of Wellington Rd, before moving outbound down the centre of Mitchell Hwy along the current boundary.

A change to the boundaries occurs to the east of the electorate, branching in from Brockway Rd. The boundary will now run down the centre of John XXIII Avenue, before moving in a westerly direction down Moore Drive. The boundary then moves in a

southerly direction down Pine Tree Ln, Labella St and Montgomery Ave, before moving in an easterly direction down the centre of Alfred St back to Brockway Rd.

(1 from Cottesloe, 1 to Perth)

INTO ELECTORATE (Cot):

(5103)

619: 423

620: 271

621: 258

(NORTH WEST CENTRAL: -9 (23.5))

(10 to Pilbara, 8 to Kalgoorlie, 5.5 to Moore)

RATIONALE: With the LDA taken into consideration, this electorate is around 9000 voters under quota. It is proposed that this electorate is abolished, with the equivalent amount (after LDA) of 10000 voters reallocated to the Pilbara electorate, the equivalent of around 8000 voters to the Kalgoorlie electorate and the equivalent of 5500 voters to the Moore electorate.

PERTH: +2.5

RATIONALE: The Perth electorate is over quota by around 2500 voters, which becomes around 3500 with a redistribution from the Nedlands electorate. Around 3500 voters is proposed to be moved to the Mount Lawley electorate.

BC: The western boundary will continue north-east along Winthrop Ave before moving Southeast down the centre of Wellington Rd, before moving outbound down the centre of Mitchell Hwy along the current boundary.

The eastern boundary will now move south down the centre of Charles St from the corner of Green and Charles St. The boundary then moves in a South-East direction down the centre of Angove St, before moving south down the centre of Fitzgerald St until Vincent St. The boundary then moves east down the centre of Vincent St joining the current boundary.

RIVERTON: -2.5

RATIONALE: The electorate is under quota by approximately 2500 voters. It now will gain around 7500 voters from the current Bateman electorate, while 4000 voters will be allocated to Cannington to assist with multiple shortfalls in inner city electorates. 1000 votes will also be redistributed to the Jandakot electorate.

BC: Please refer to the Bateman, Cannington and Jandakot electorate descriptions for boundary changes.

ROCKINGHAM: -

RATIONALE: The electorate is currently at quota and due to this and the locational positioning of the electorate, no changes are proposed.

ROE: -5

(6 to Central Wheatbelt, 6 from Collie-Preston, 5 from Kalgoorlie)

RATIONALE: The Roe electorate is proposed for significant change to address a 5000 voter under allotment and changes to the numbers of regional electorates. Around 6000 voters will be redistributed to the Central Wheatbelt electorate to address population shortfalls. The electorate will take on around 6000 voters from the Collie-Preston electorate, primarily from the Collie township. There will be an estimated net value gain of around 5000 voters from the Kalgoorlie electorate once LDA is taken into consideration.

BC: The northern boundary for this electorate will now branch off from the current boundary down the eastern and southern edge of SA1: 5124704, the southern edge of SA1: 5124707 and the southern and western edge of SA1: 5124716 through to the current boundary. The boundary then moves along the southern edge of SA1: 5125011 + 5125012 before reaching the current boundary.

The western boundary bordering the Collie-Preston electorate will now move along the northern edge of SA1: 5101802 then proceeding along the western edge of SA1: 5100914. It will then follow the southern, eastern edges of SA1: 5100931 through to the current boundary.

The boundary will follow the southern edge of the Goldfields Woodlands National Park and Conservation Park, breaking off from the current western boundary. The boundary will then follow Merougil Creek, before moving along the northern edge of Kambalda Airport. The boundary will then move north along the Norseman-Kalgoorlie Railway, before moving east and then south along the river bed through to Lake Lefroy. The boundary follows the eastern edge of Lake Lefroy, before proceeding south along the Coolgardie-Esperance Hwy, before moving east along the southern edge of SA1: 5128202, until reaching the state boundary.

SCARBOROUGH: -

RATIONALE: The electorate is currently at quota, but will have alterations to accommodate other changes. Around 2500 voters will be redistributed to the Churchlands electorate, with 2500 voters to be taken from the Carine electorate.

BC: The new boundary will move north down the centre of Huntriss Rd from the current boundary before moving east down the centre of Beatrice and Cedric Streets. The boundary will then continue north down the centre of the Mitchell Fwy. The northern boundary will branch off from Duffy Rd to the west, proceeding along the northern edge of Lake Karrinyup Country Club down the centre of North Beach Rd before moving south down the centre of Clement Dr, before moving in a westerly direction down the centre of Pascoe and Axebridge St through to Marmion Ave, before moving in a Northerly direction along the current boundary.

SOUTH PERTH: -2

(2 from Victoria Park)

RATIONALE: The electorate is an estimated 2000 voters under quota, with the neighbouring electorate of Victoria Park the only logical option to gain voters from.

BC: The electorate will move east down the centre of Manning Rd, starting at Kent St and proceeding to Hillview Terrace. The boundary will move down the centre of Hillview Terrace, Jarrah Rd and Baron-Hay Ct through to George St, where the boundary will move in a northeasterly direction.

SOUTHERN RIVER: -

(6 from Jandakot, 3 to Thornlie, 2.5 to Armadale, 0.5 to Kalamunda)

RATIONALE: While the electorate of Southern River is at quota, there is proposed to be multiple changes to accommodate other electorate changes. Around 6000 voters from the suburb of Canning Vale will move into the electorate, allowing for the majority of this suburb to be in one electorate. To offset this, around 3000 voters will be redistributed to the Thornlie electorate, around 2500 to the Armadale electorate and around 500 voters to the Kalamunda electorate.

BC: The boundary will now branch off at Warton Rd in a southeast direction along Bronzewing St, before moving northeast through the centre of Balfour St. The boundary will then move in a southeast direction down Corfield St to rejoin the current boundary. Please refer to descriptions for the Armadale, Jandakot and Kalamunda electorates for detail of other boundary changes.

SWAN HILLS: +1.5

RATIONALE: The Swan Hills electorate will see significant change due to the proposed creation of the Ellenbrook electorate. The Swan Hills electorate is around 1500 voters over quota but will lose around 16500 voters to the new Ellenbrook electorate. The shortfall will be made up of around 15000 voters from the Kalamunda electorate, an area similar in geography (Perth hills).

BC: Please refer to the Ellenbrook and Kalamunda electorates for description of the boundary changes.

THORNIE: -

RATIONALE: While the electorate is estimated to be at quota, changes are proposed to address over and under allotments in neighbouring seats. Around 3000 voters would be redistributed to the Forrestfield electorate, with around 3000 voters to be gained from the Southern River electorate.

BC: The boundary will now branch off at Warton Rd in a southeast direction along Bronzewing St, before moving northeast through the centre of Balfour St. The boundary will then move in a southeast direction down Corfield St to rejoin the current boundary.

The alteration will occur at the southern boundary, moving down the centre of Westfield St from Kelvin Rd. The boundary will then move in a NE direction through Pitchford Ave, before moving in a SE direction through the centre of Alcock St. The electorate will then move in a NE direction along Gosnells Rd W before proceeding in a northern direction along the centre of Tonkin Hwy, before following the current boundary along Boyle Lane.

(3 to Forrestfield, 3 from Southern River)

VASSE: +2.5

(1.5 to Warren-Blackwood, 1 to Collie-Preston)

RATIONALE: The electorate of Vasse is around 2500 voters over quota. The excess will be redistributed to the electorates of Warren-Blackwood(app 1500 voters) and Collie-Preston(app 1000 voters.)

BC: The southern boundary of the electorate will run along the northern edge of SA1: 5100116 and SA1: 5100112. The boundary will then follow the eastern and southern boundary of SA1: 5100101 through to Ellen Brook Rd, where the boundary will move in a northeast direction. The boundary will then move north down the centre of Langley Rd, west down the centre of Cowarump Bay Rd and then north along Caves Rd until just short of Yallingup. The boundary will then move in a westerly direction along Gunyulgup Brook through to the Indian Ocean.

VICTORIA PARK: -2

RATIONALE: The electorate is estimated to be around 2000 voters under quota. There will be around 2000 voters reallocated to the South Perth electorate, with the shortfall made up with a 4000 voter redistribution from the Cannington electorate.

BC: The electorate will move east down the centre of Manning Rd, starting at Kent St and proceeding to Hillview Terrace. The boundary will move down the centre of Hillview Terrace, Jarrah Rd and Baron-Hay Ct through to George St, where the boundary will move in a north-easterly direction.

Please refer to the Cannington electorate description for detail in relation to the boundary changes.

RATIONALE: The electorate is around 2500 voters over quota, with this amount of voters to be redistributed to the neighbouring Lansdale electorate.

BC: Please refer to the Lansdale electorate description for details of boundary changes.

(2.5 to Lansdale)

WARNBRO: +2.5

RATIONALE: The electorate is around 2500 voters over quota. This amount of voters will be redistributed to the Mandurah North (Mandurah) electorate.

BC: Please refer to the Mandurah North electorate description for details of boundary changes.

(2.5 to Mandurah North)

WARREN-BLACKWOOD: +1.5

RATIONALE: The electorate is around 1500 voters over quota, and will supply around 3000 voters to the Albany electorate. The shortfall will be made up by a redistribution of 1500 voters from the Vasse electorate.

BC. The electoral boundary will continue south along the Albany Hwy from the current boundary to the outskirts of Mount Barker. The boundary will then proceed through the centre of Muir Hwy to the south west, before following Hay River in a southerly direction to the ocean.

The North-western boundary of the electorate will now branch off from the current boundary near Jarrahwood to continue along the northern edge of SA1: 5100116 and SA1: 5100112. The boundary will then follow the eastern and southern boundary of SA1: 5100101 through to Ellen Brook Rd, where the boundary will move in a northeast direction. The boundary will then move north down the centre of Langley Rd, west down the centre of Cowarump Bay Rd and then north along Caves Rd until just short of Yallingup.
